

Data Appendix

The data appendix includes the following files:

1. BCHHS_data.dta: the original dataset used by BCHHS
2. Replicate_Table_1.do: This do file reproduces the replication estimates in Table 1 for columns 1 to 8
3. Family_With_Covariates_Table_1.do: This do file reproduces the estimates in column 9 of Table 1
4. Quantile_Level_Estimates_Table_2.do: This do file reproduces the quantile regression estimates from the levels specification in Table 2
5. Quantile_Family_Estimates_Table_2.do: This do file reproduces the quantile regression estimates from the family specification in Table 2
