

In the next screen we start the study. We begin with a few screens of descriptions and instructions.

Please read these pages carefully. If you have any question, please raise your hand.

Continue

In this study, you have the opportunity to donate to one charitable organization. The exact details of the study will be presented to you shortly. In a nutshell, in order to donate you need to press 2 keys ("X" and "Z") on your keyboard in an alternate order. The more "pairs" that you press (a pair is one X and one Z), the more money we will donate on your behalf.

The next two screens are for practice purposes. First, you will get familiar with the screen, which is exactly as in the actual study: guides you which key to press in order to donate, indicates how many pairs you already pressed, and consequently the total donation amount. Next, you will get to practice the task for 30 seconds. However, since this is a practice round it will not count towards your donation.

Continue

This is how the screen in the actual study looks like. Take a moment to learn it.
When you are done, press "continue" below

Donation Study

This indicates how much time you have left.

The clock starts with your first key press.

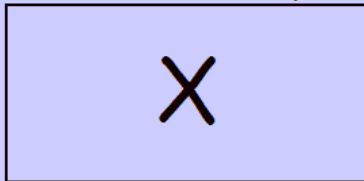

Time Left:

This indicates the total number of pairs you pressed.

To donate, Please press:

This guides you which key to press next in order to donate.

Total number of pairs:

0

Total donation amount:

\$0

This indicates the total donation amount accumulated. In the practice round, however, this will show "0" since the practice does not count towards your donation.

To Stop, press

In the actual task there is a "Stop" button in this square. In the practice round this square is empty, as there is no such option.

Here you will find the donation schedule. That is, how much each click contributes to your total donation.

Extra Details:

This reminds you of the extra details of the study.

When you are done examining the screen, press:

Continue

Next you have 30 seconds to practice the key-pressing task. Please do as many key-presses in the practice round as you can. This will give you a good indication of how much you can donate in a given period of time.

Also, when performing the task, both in the practice round, and in the actual study, you should use **one hand only**.

Once you are ready, please press "Continue".

Key-Press Practice

Time Left:

To donate, Please press:

Z

Total number of pairs:

18

Total donation amount:

\$0

To Stop, press

For the practice round, you
are limited to 30 seconds.
You can neither stop, nor
skip the practice session .

The practice round is now over, you have pressed 18 pairs in 30 seconds. In the next screen the actual study will begin. We'll start with a detailed description of the study, and then you will be able to donate by key-pressing. Once you are ready to begin, please press "Begin" below.

Begin

In this study you will be able to contribute to a charitable organization. The contribution is done by pressing two keys on the keyboard -- "X" and "Z" in an alternate order, as you just experienced. You are given 5 minutes in which for each pair pressed we donate money on your behalf. The exact donation schedule is listed in a table on your right, and it should be read as follows: each of the first 200 pairs you press contributes 1 cent to your total donation, each of the next 200 pairs you press (201-400) contributes .5 cent to your total donation, each of the next 200 pairs you press (401-600) contributes .25 cent to your total donation, and so on. For example, if you press a total of 100 key pairs, your total donation is $100 \times 1 = 100$ cents. If you press a total of 350 key pairs, your total donation is $200 \times 1 + (350 - 200) \times 0.5 = 275$ cents. Therefore, the more you press, the greater is your donation to the charity.

Donation Schedule	
Pairs	Donation Per Pair
1-200	1 cent
201-400	0.5 cent
401-600	0.25 cent
601-800	0.13 cent
801-1000	0.06 cent
1001-1200	0.03 cent
1201 and up	0.01 cent

For your convenience, the donation schedule will remain on the right of the screen throughout the instructions, and the donation task.

Continue

Where does your donation go?

In the next screen you will be randomly assigned to one charitable organization; we will give your donation to the assigned charity. The charity assignment will be presented to you on the next screen, before you start the key-press task.

Donation Schedule

Pairs	Donation Per Pair
1-200	1 cent
201-400	0.5 cent
401-600	0.25 cent
601-800	0.13 cent
801-1000	0.06 cent
1001-1200	0.03 cent
1201 and up	0.01 cent

Details of the Study

Charity:

You are assigned to the "**Red Cross**" organization.

This means that you can donate to the "Red Cross" by pressing the keys "X" and "Z", as in the practice session. The more you press, the more money you donate. The exact donation schedule is indicated in the table on your right.

Donation Schedule	
Pairs	Donation Per Pair
1-200	1 cent
201-400	0,5 cent
401-600	0,25 cent
601-800	0,13 cent
801-1000	0,06 cent
1001-1200	0,03 cent
1201 and up	0,01 cent

Continue

Details of the Study

Payoff:

Your payoff in this study is the same as the donation amount. Each key pair that you press contributes to your total payoff according to the schedule presented to you on the right (the same as the donation schedule). Therefore, the more you press, the more you donate to the Red Cross, and the more money you get for yourself. The money you get for yourself is in addition to, and is in no way instead of, donating money to the Red Cross.

For example: if you press 100 key pairs, you donate 100 cents to the Red Cross, AND you get 100 cents for yourself.

Donation Schedule	
Pairs	Donation Per Pair
1-200	1 cent
201-400	0.5 cent
401-600	0.25 cent
601-800	0.13 cent
801-1000	0.06 cent
1001-1200	0.03 cent
1201 and up	0.01 cent

Details of the Study

What happens next?

Once you are done going through the details of this study, you start with the task: in 5 minutes you can donate to the Red Cross by pressing the X-Z keys. If you'd like to stop before the time is up, just press the "Stop" button on the screen. After you are done with the task (either you press the stop button, or the time is up) a summary page will appear with the details of the study, and how much you have donated to the Red Cross.
