RE: MS AER-2011-1124.R2: Private Equity, Jobs and Productivity

Dear Editors,

In compliance with the requirement of the Journal's disclosure policy, I confirm that I, as professor and deputy dean, have received no direct financial support from any organization. I am one of the Principal Investigators on the grant from the Kauffman Foundation that we note in the acknowledgements section. The support from the Kauffman Foundation is directly related to this research as they have supported the development of the data infrastructure used in this paper as well as research analysis related to the topics in this paper. For this paper, we employed proprietary data (some of which is confidential under Title 13 U.S.C.) housed at the Census Bureau. These data are available to approved researchers via Census Bureau RDCs (see <http://www.census.gov/ces/rdcresearch/index.html>). As we note in the acknowledgements section "All results have been reviewed to ensure that no confidential information is disclosed."

Sincerely,

Steven J. Davis  
Professor/Deputy Dean
