

## **“Urban Accounting and Welfare”**

**by Klaus Desmet and Esteban Rossi-Hansberg**

### **Disclosure Statement for Klaus Desmet**

The author declares that he was an employee of Universidad Carlos III, a consultant at the World Bank, and a visiting professor at Stanford University while writing the submitted paper. He also received research grants from the International Growth Center, the Spanish Ministry of Education, the European Commission, the Madrid Regional Government, and the Fundación Ramón Areces. None of these relationships affected the research or conclusions described in this paper.
