Financial and IRB disclosure statement for the article: "Incentives, Commitments and Habit Formation in Exercise: Evidence from a Field Experiment with Workers at a Fortune-500 Company."

This project was supported by grants from the National Science Foundation, Upjohn Institute and Case Western Reserve University ACES Fund. I hereby declare that I have no relevant or material financial interests that relate to the research described in this paper. This research involves human subjects. Approval for this research was obtained from the Institutional Review Board at Drexel University where I was on faculty during the period when the human-subjects research was conducted.

Sincerely,

Mark Stehr
