Paper entitled “Market Exposure and Endogenous Firm Volatility over the Business Cycle”

The author declares that he has no relevant or material financial interests that relate to the research described in this paper.

The author is indirectly the beneficiary of financial support from the Kauffman Foundation since a Kauffman grant to the University of Maryland helped support some of his activities at the U.S. Census Bureau.

Certain data included are derived from the Kauffman Firm Survey release 4.0. Any opinions, findings, and conclusions or recommendations expressed in this material are those of the author(s) and do not necessarily reflect the views of the Ewing Marion Kauffman Foundation.

Certain data included are confidential data housed at the U.S. Census Bureau. Any opinions and conclusions expressed herein are those of the authors and do not necessarily represent the views of the U.S. Census Bureau. All results have been reviewed to ensure that no confidential information is disclosed.

Certain data included are from Standard & Poor’s Compustat. Any opinions and conclusions expressed herein are those of the authors and do not necessarily represent the views of Standard & Poor’s Compustat.
