

Disclosure Statement for Sonia Jaffe
Submission of “The First-Order Approach to Merger Analysis” to
the *American Economic Journal: Microeconomics*

While working on this research, I received support from a National Science Foundation Graduate Research Fellowship and a Terence M. Considine Fellowship in Law and Economics. I received an honorarium for participating in an antitrust conference run by the Searle Center on Law, Regulation, and Economic Growth at Northwestern University, which may have an ideological interest in some antitrust issues. I worked for a summer as Student Assistant at the Federal Trade Commission, which is clearly concerned with mergers and antitrust issues.
