

File descriptions:

panel_data_60_90.xls: An Excel spreadsheet that contains a panel data set with information on child labor rates, fertility rates, GDP levels, inequality, and share of population in agriculture for a panel of 125 countries for the period 1960-1990. The data and regressions are discussed near the end of Section IV. of the paper.

panel60_90.wf1: An EViews 5.1 workfile which contains the actual regression results discussed in the paper.

transition_foresight_2005.nb: A Mathematica notebook which contains the simulation programs used for generating the model figures in Section V. of the paper.

transition_capital_2005_a.nb, transition_capital_2005_b.nb: Two Mathematica notebook containing the simulation programs used for generating the model figures in Section VI. of the paper.
