### **“Tax Policy Issues in Designing a Carbon Tax”**

- (1) Financial support: This article was funded through the Urban-Brookings Tax Policy Center and the Urban Institute. The author has not received financial support related to the above article from any interested party.
- (2) Potentially interested parties: Previous research on carbon taxes was funded by an Energy Foundation grant to the Tax Policy Center at the Urban Institute. A grant from the Laura and John Arnold Foundation to the Tax Policy Center will support future work on carbon taxes. The author is a paid advisor to Samsung Corporation.
- (3) Positions at a relevant organization: The author has no positions at a relevant organization.
- (4) Close relatives: The author’s spouse is not a member of any interested party or board; nor has received any financial support related to this paper.
- (5) Right to review: No party had a right to review the paper prior to its preparation. The paper was reviewed by colleagues at the Tax Policy Center and by panel participants.
