Waterloo, January 11th, 2014

Dear Editors,

I declare that I do not have relevant or material financial interests that relate to the research described in my paper “The Myth of Immigrant Women as Secondary Workers: Evidence from Canada” (joint with Alicia Adserà) to be published in the forthcoming issue of the AER Papers and Proceedings.

IRB approval is not necessary for Census data collected by Statistics Canada. However to access the data we followed the protocol dictated by Statistics Canada. All the analyses of the data were conducted inside the Research Data Centers in Canada. All the output was released by personnel from the Centers after a vetting process to guarantee confidentiality. Individuals wishing to request access to these data can do so through the website (<http://www.statcan.gc.ca/rdc-cdr/index-eng.htm>).

Please do not hesitate to contact me if you need any further information, either by email aferrer@uwaterloo.ca or by phone at (519) 888 4567 ext. 37881
Yours sincerely,

Ana M. Ferrer
Associate Professor
