Dear Editors,

I declare that I do not have relevant or material financial interests that relate to the research described in my paper “The Myth of Immigrant Women as Secondary Workers: Evidence from Canada” (joint with Ana M. Ferrer) to be published in the forthcoming issue of the AER Papers and Proceedings.

IRB approval is not necessary for Census data collected by Statistics Canada. However to access the data we followed the protocol dictated by Statistics Canada. All the analyses of the data were conducted inside the Research Data Centers in Canada. All the output was released by personnel from the Centers after a vetting process to guarantee confidentiality. Individuals wishing to request access to these data can do so through the website (<http://www.statcan.gc.ca/rdc-cdr/index-eng.htm>).

Please do not hesitate to contact me if you need any further information, either by email [adsera@princeton.edu](mailto:adsera@princeton.edu) or by phone at (609) 258 6916.  
Yours sincerely,

Alicia Adserà
