Disclosure statement

Jean-Marc Robin declares that he has no relevant or material financial interests that relate to the research described in this paper.

The data in my research are proprietary. They were obtained from Statistics Denmark that has requested that the data be not disseminated.

The results of statistical analyses, if they ensure the confidentiality of the data can be published.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "J. Robin", with a stylized flourish at the end.

Professor of Economics at Sciences Po and University College London
Co-editor Econometrica
