

**Disclosure Statement: David Reeb**

1. My co-authors and I obtained the proprietary data on golfers in Singapore and the registry information of all Singaporean residents. Our contracts with the data providers did not give them the right to influence, review, or screen our findings in this study. The institutions have not influenced, reviewed, or screened the findings of our study.
1. The author declares that he has no relevant or material financial interests that relate to the research described in this paper.
