"Distinguishing Probability Weighting from Risk Misperceptions in Field Data"

The author declares that he has no relevant or material financial interests that relate to the research described in this paper, except as set forth below:

- 1) The author has received significant financial support from the National Science Foundation (Grant Number SES-1031136) for the research described in this paper.

A handwritten signature in black ink, appearing to read "L. Barseghyan".

Levon Barseghyan

Dated: January, 2013

This is page two. Notice that the top and left margins are 1". **In order to use page 2, you will need to start your second page of content on this page.**

A section break occurs at the end of page 1. If you simply continue to input content above the section break, you will not see the new margins.

If you find that you do not require a second page, PLEASE DO NOT DELETE THIS PAGE. You will adversely affect the layout of page 1. Simply print only page 1.
