

Robert Collinson Disclosure for “How Do Changes in Housing Voucher Design Affect Rent and Neighborhood Quality?”

While working on this paper, I was a paid employee of the U.S. Department of Housing & Urban Development (HUD), the federal agency responsible for administering the Housing Choice Voucher program. I received in-kind services from HUD and HUD staff in the form of access to and guidance with administrative data, and institutional details. HUD’s Office of Policy Development & Research encourages its staff to engage in independent research, and my participation was supported therein. The views expressed in the paper are those of the authors and do not reflect the views of the U.S. Department of Housing & Urban Development. Paper results have been presented to HUD staff in a brownbag session, but neither HUD nor any other party has had the right to review this paper prior to its circulation.
