I declare that I have not received financial support summing to more than \$10,000 in the past three years in the form of consultant fees, retainers, grants and the like from any interested party, where an “interested” party is any individual, group, or organization that has a financial, ideological, or political stake related to the article. I have previously received some consultancy fees from Children Investment Fund Foundation for implementing the evaluation of the Living Goods/BRAC program, but not to an amount summing to more than 10,000 in the past three years. I do not hold and have not held any paid or unpaid positions as officer, director, or board member of relevant non-profit organizations or profit-making entities. A “relevant” organization is one whose policy positions, goals, or financial interests relate to the article. No other party had the right to review the paper prior to its circulation.

The above disclosures also apply to any close relative or partner of mine.
