

I am an employee of the IRS. At no time was confidential data ever outside of the IRS computing environment. The views and opinions presented in the paper are those of the authors. They are not necessarily the views or official position of the IRS. The IRS has reviewed the manuscript to ensure that it does not reveal confidential taxpayer data.

I have no other relevant or material financial interests that relate to the research described in "Taxing Hidden Wealth: The Consequences of U.S. Enforcement Initiatives on Evasive Foreign Accounts."

Sincerely,
