

Household Debt Revaluation and the Real Economy
Evidence from a Foreign Currency Debt Crisis

March 2020

Disclosure Statement

I, Győző Gyöngyösi, declare that this research was partly conducted while I worked at the National Bank of Hungary.

The main datasets used in this research are proprietary administrative credit registry and firm census data. The data were obtained from the National Bank of Hungary. The National Bank of Hungary had the right to review the paper prior to its circulation in order to ensure that the results based on administrative data used in the manuscript did not violate confidentiality provisions.

In addition, this research uses proprietary survey data from the Austrian Central Bank's Euro Survey Project. The Austrian Central Bank did not have the right to review the paper.
