

Disclosure Statement – Alexis Antoniades

I did not receive any financial support for the paper “Using the Retail Distribution to Impute Expenditure Shares”. There are no interested parties from whom I have received financial support, and I have no position with any relevant organization. Calculations on US indexes are based on data from the Nielsen Company (US), LLC, and marketing databases provided by the Kilts Center for Marketing Data Center at the University of Chicago, Booth School of Business, which has the right to review the paper prior to its circulation. Calculations involving the GCC countries (United Arab Emirates, Qatar, Bahrain, Oman, Saudi Arabia, and Kuwait) are based on scanner data provided by AC Nielsen. The data is proprietary and their circulation is prohibited. Funding for the purchase of the GCC Nielsen data came from a National Priorities Research Program grant from the Qatar National Research Fund.
