Economic Studies

To: JEP Editors and Readers

In addition to my role as Senior Fellow at the Brookings Institution, I serve as co-director of the Urban-Brookings Tax Policy Center (TPC). Brookings and TPC receive funds from many donors. A substantial portion of my work effort is currently funded by grants from Arnold Ventures and California Community Foundation, though I was not funded to work on this paper in particular. No one had the right to review the work before it was published.

Sincerely,

William G. Gale
