To whom it may concern:

This disclosure statement is intended to accompany the conditionally accepted manuscript AEJApp-2021-0618, "Smart Thermostats, Automation, and Time-Varying Prices," jointly authored with Joshua Blonz, Karen Palmer, and Casey Wichman.

I received financial support for this research from the Alfred P. Sloan Foundation while I was an employee of Resources for the Future and as part of a consulting agreement while at UMD.

I do not have any conflicting interests, financial or otherwise, related to this research.

I am not an officer, director, or board member of any non-profit organizations or profit-making entities relevant to this article, nor are any of my close relatives.

As part of our data-sharing agreement, a version of our manuscript was shared with Ecobee prior to submission as a courtesy.

Respectfully,

A handwritten signature in black ink that reads "Derek C. Wietelman".
