

# Disclosure Statement

Matthew A. Masten  
Duke University

January 3, 2026

This is Matthew A. Masten’s disclosure statement for the paper “The Effect of Omitted Variables on the Sign of Regression Coefficients” by Matthew A. Masten and Alexandre Poirier.

My research was supported by the Duke University Department of Economics and by the National Science Foundation under Grant 1943138. I have no other sources of funding to disclose. I declare that I have no relevant or material financial interests that relate to the research described in this paper.
