

Disclosure Statement

Alexandre Poirier
Georgetown University

January 3, 2026

This is Alexandre Poirier’s disclosure statement for the paper “The Effect of Omitted Variables on the Sign of Regression Coefficients” by Matthew A. Masten and Alexandre Poirier.

My research was supported by the Georgetown University Department of Economics. I have no other sources of funding to disclose. I declare that I have no relevant or material financial interests that relate to the research described in this paper.

– Alexandre Poirier
