Disclosure Statement for “**Marriage, Fertility, and Cultural Integration in Italy**”

I have no relevant or material financial interests that relate to the research described in this paper. This paper has not benefited from sources of financial support or received financial support from an interested party. I hold no paid or unpaid positions as officer, director, or board member of any organization whose interests relate to this article.

No other party had the right to review the paper prior to its circulation.

The data used in this paper are restricted-access administrative data provided by ISTAT (Italian Statistical Institute) through its ADELE Laboratory (Laboratorio per l'Analisi dei Dati ELEmentari). Access to the data was granted under standard conditions for scientific research and does not constitute financial support or imply any influence on the results. Data has been examined from workstations located in secure rooms within the ISTAT offices. The output of analysis is made available by ISTAT upon inspection by ADELE officers in compliance with the laws on the protection of statistical confidentiality and of personal data.

No ethical considerations apply.
