

Racial Discrimination in the Sharing Economy: Evidence from a Field Experiment

Benjamin Edelman - AEA disclosure

Funding for this project came solely from my academic research budget and that of Professor Luca.

I have no relevant material financial interests that relate to the research described in this paper. I receive consulting income from several companies, but that work is completely unrelated to this project.

No one had the right to review the paper prior to its circulation.

Before contacting hosts through the Airbnb site, coauthors and I sought and obtained IRB approval for our project.
