

AEA Committee on Government Relations' ANNOUNCEMENTS

JANUARY 28, 2011

VOLUME 1, NUMBER 1

The Committee on Government Relations is a subcommittee of the American Economic Association charged with representing the interests of the economics profession in Washington DC and other locations around the country without taking a position on questions of economic policy or on any partisan matter.

Grand Challenges White Papers from Economists

More than fifty economists answered the NSF/SBE call for white papers on grand challenge questions in the social and behavioral sciences. These papers will be used to help make plans to support future research. Go [here](#) for papers from economists and [here](#) for all submissions to NSF.

New Research Funding Opportunities
