Giving You the Power

As the #1 provider of products and solutions for the economics classroom, Thomson South-Western is proud to offer services and technology that give you the power to create your perfect course. Visit our booth for information about Aplia™, ThomsonNOW™, and our new Tomlinson Economics Videos as well as our exciting new books for all of your economics courses.

Aplia™
Thomson South-Western has teamed up with Aplia! Created by Paul Romer, Aplia enhances teaching and learning by providing online interactive tools and experiments that help economics students become active learners. Visit www.aplia.com/thomson today!

ThomsonNOW™ for Economics
ThomsonNOW takes the best of current technology tools including online homework management; a fully customizable test bank; and course materials such as online quizzes, videos, and tutorials to support your course goals and save you significant preparation and grading time! Visit www.thomsonedu.com/ThomsonNOW.

Tomlinson Economics Videos
Thomson South-Western is excited to announce our new Tomlinson Economics Videos, featuring award-winning teacher and professional communicator, Steven Tomlinson (Ph.D., Stanford). These new web-based lecture videos—Economics with Steven Tomlinson, Economic JumpStart™, and Economic LearningPath™—reinforce the economic concepts your students need to know. Visit www.thomsonedu.com/economics/tomlinson/videos.
