

EconLit™
AMERICAN ECONOMIC ASSOCIATION

A Gateway to Excellence in Economics

Academic libraries and leading institutions around the world rely on EconLit for economics research. This essential reference tool includes:

- Over 2 million records, from 1886 to the present.
- 1,000+ journals in over 30 languages.
- Books, working papers, PhD dissertations, collective volume articles, and book reviews.
- Subject categories selected by professional taxonomists using the *JEL* classification system.

A full-text option is available. EconLit with Full Text provides a package subscription to over 600 journals covering economics and related disciplines.
